

BOARD CHARTER

1. PREAMBLE

The enhancement of corporate governance standards is vital towards achieving the objectives of transparency, accountability and effective performance for Boilermech Holdings Berhad ("Boilermech" or "Company") and its subsidiaries ("Group"). It is with the aim of enshrining the concepts of good governance as promulgated by the Malaysian Code on Corporate Governance 2017 (reviewed and updated in 2021) ("Code") that this Board Charter ("Charter") is established.

The Charter serves as a reference point for the activities of the Board of Directors ("Board") and should not be construed as a blueprint for Board operations. Just as each organisation has its own corporate culture, the dynamics of each Board are unique. The dynamics shift as the composition of the Board changes, and the Directors of the Company should always be open to new opportunities and ready to confront new challenges brought about by the changes.

This Charter is designed to provide guidance and clarity for Directors and Management regarding the role of the Board and its Committees, the requirements of Directors in carrying out their stewardship role and in discharging their duties towards the Company as well as the Board's operating practices. This Charter does not overrule or pre-empt the statutory requirements of Directors enshrined in the Companies Act 2016, the Income Tax Act 1967 or other relevant statutes, including the conduct of the Board as stipulated in the Company's Constitution or Articles of Association.

The Board shall, from time to time, examine its size with a view toward determining the impact of its number upon its effectiveness.
- 4.1.3 The Board recognizes the importance of having a clearly accepted division of power and responsibilities at the head of the Company to promote accountability and facilitate the division of responsibility. Accordingly, the position of Chairman shall be held by a Non-Executive Director while the Managing Director, an Executive Director, represents Management to the Board.

- those who are not employees of the Company or affiliated with it in any other way and are not involved in the day-to-day running of business but have pecuniary interest in the Company, either as shareholders or otherwise and whether direct or indirect, i.e. Non-Executive Directors.

Non-Executive Directors act as a bridge between Management, shareholders and other stakeholders. They provide the relevant checks and balances, focusing on shareholders' and other stakeholders' interests and ensuring that high standards of corporate governance are applied. Letters of appointment for Non-Executive Directors do not set out a fixed time commitment for board duties as the Board of Boilermach believes that the time required of the Non-Executive Directors may fluctuate depending on demands of the business and other events. However, it is expected that Non-Executive Directors shall allocate sufficient time to the Company to perform their duties effectively.

4.4 Role of Independent Non-Executive Director

- 4.4.1 Independent Non-Executive Directors (also known as "Independent Directors") are essential for protecting the interests of shareholders and can make significant contributions to the Company's decision making by bringing in the quality of objectivity and detached impartiality.
- 4.4.2 The Listing Requirements emphasize that even if a person does not fall within any of the disqualifying indicators enumerated out in Paragraph 1.01 of the Listing Requirements, both the Director and the Board must give effect to the spirit, intention and purpose of the definition of an Independent Director. There must be a conscious application of the test of whether the said Director is able to exercise independent judgment and act in the best interests of the Company.
- 4.4.3 The attributes of collegial yet independent decision-making that must be vested in the Independent Director will be determined in part by the character of the individual and that of the whole ethos of the Board.

- 4.5.2 The MD is accountable to the Board for the achievement of the Group's goals and objectives and he is accountable to the Board for the observance of Management's limits.

4.6.1 Pursuant to the Company's Constitution or Articles of Association, all Directors must retire at least once every three (3) years but shall be eligible for re-election.

4.6.2 The assessment criteria for the independence of directors should also include tenure. The tenure for an Independent Director to serve on the Board shall not exceed a cumulative term limit of nine (9) years.

4.6.3 Independent Directors, who have served the Company for nine (9) years, may continue to serve the Company in the capacity of a Non-Independent Non-Executive Director. If the Board intends to retain a director in the capacity of an Independent Director beyond nine (9) years, it shall justify and seek annual shareholders' approval through a two-tier voting process.

- 4.6.4 The justification may be sought in the form of greater rigor and transparency in the evaluation process to determine whether the 'independence' of the Director has been impaired, which shall accompany any recommendation for renewal of an Independent Director's appointment/retention at the Annual General Meeting/Extraordinary General Meeting.
